

Wristbands

Bar code printable wristbands eliminate manual imprinting by employing the hospital's ADT system for on-line printing. Human readable data is clear and bar code symbologies can be easily read by scanners. These wristbands ensure patient safety and reduce the possibilities of errors. They also enable the patient to be traced from admissions through billing.

PATIENT/EVENT WRISTBANDS

FEATURES

- Available in multiple constructions and colors
- Meets FDA standards for skin sensitivity
- Extremely durable
- Tamper evident and secure closures
- Engineered to work with Intermec bar code printing equipment

BENEFITS

- Provides hospital with choice of bands to best meet their requirements
- Will not irritate skin or cause allergic reactions
- Withstands smearing, scratching, and exposure to chemicals, alcohol, and bodily fluids
- Can't re-use wristbands once closure has been broken
- Eliminates manual printing and provides clear, easily read data

Scanband

A direct thermal band with a tamper-evident adhesive closure. Once the wristband is removed, closure can't be re-used.

Printer	Part number	Bands/box	Closure type	Band width	Size of printable area
3240	7042-11-PDM3	500	Adhesive	1.125"	1.125" x 4.5"
3400	7042-11-PDM3	500	Adhesive	1.125"	1.125" x 4.5"

Safeguard

A thermal transfer tri-laminate wristband featuring an adhesive closure. A thermal transfer printed label is applied to the surface of the band in this two-step process.

Wristband				
Printer	Part number	Bands/box	Closure type	Band width
3240	821-11-PDJ	250	Adhesive	.750"
C4	821-11-PDJ	250	Adhesive	.750"

Label			
Part number	Label size	Labels/roll	Ribbon P/N
E19247	2.250" x .750"	3425	13062806
E19248	2.250" x .750"	3425	13042504

Sentry Superband

A highly durable thermal transfer wristband featuring a secure-snap fastener. A thermal transfer printed label is applied to the surface of the band in this two-step process.

Wristband				
Printer	Part number	Bands/box	Closure type	Band width
